Safety is tasked with ensuring all watercraft(s) on Lake Viking are owned by members; therefore, authorized on your lake. Watercraft registrations or proof of ownership must be shown and the watercraft must properly display member identification (page 24-25, 2019 Handbook). The information listed below is what the safety office currently has on file for you. Please review the list below and make any corrections by placing a line through any incorrect watercraft and/or add any new watercraft(s) to the form. Once all the information is correct, check the box below that certifies you are the owner of all the watercraft(s) and the information is accurate.

Please provide a current phone number and return to the association office.

**All forms must be returned before your watercraft will receive a current year's sticker.**
